## Golden Getaway

You'll find this apartment in the West End of Dubai Marina, with easily accessible public transport on hand and JBR, the beach, and a host of cafes, bars and restaurants nearby. In short, we think its enviable location provides the perfect base to explore Dubai. While the apartment isn't the biggest, the sea view balcony is a nice touch and with shared facilities including a pool, gym, sauna and steam room, you'll never be short of things to do when you opt for a quiet day at home.
