Nautical Nest

For a Brittany beach stay like no other, this contemporary dwelling has it all. Nautical style, modern amenities and space to stretch out and relax after long days of swimming and sunbathing. And did we mention that sea view? Stays here are as laidback and lovely as the photos suggest. Wake up each morning with a full French breakfast on your cute dining set. Open the floor-to-ceiling patio doors and breathe in the sea air from your sunny terrace. Head down to the beach, located just a stone's throw away, and paddle, play or put your feet up. Then return for a relaxing evening in, and sit out on the deckchairs with a bottle of French wine as you watch the sunset. If you want to venture out beyond the beach, you're also ideally located to explore Pléneuf-Val-André, a vibrant seaside resort boasting quaint cafes, elegant restaurants and lively bars. Bienassis Castle is based just a short drive away too if you fancy soaking up some French history. Or, take a trip up the coastline to explore more rugged

shores and golden sands.
