Sculpted in Stone

This contemporary apartment offers an idyllic base for those seeking a retreat moments from the Emerald Coast and within a short drive of Saint-Malo's heart. With a refined and elegant style, this coastal gem is the perfect space to return to after a day exploring the iconic sculpted rocks nearby and cliffside hiking trails. Step into the elegant space, drop your bags and unwind with a crisp glass of Muscadet on the plump sofa before heading to the soft sands of Plage du Val for a sunset stroll. Head into town for a seafood affair caught directly off the coast, then return home for a restful night's sleep in your stylish bedroom. Location-wise, you're a short walk from the shoreline, where you can surf the swell and soak up the sun. If you're seeking a cultural excursion, head into the city to explore the Gothic-style Saint-Malo Cathedral and the 18th-century privateer's museum, La Demeure de Corsaire.
