Get out your Chicago apartment checklist and be prepared to get ticking as this apartment has all you need for your time in the Windy City. You'll find fantastic views through the floor-to-ceiling windows, ideal for admiring while you work at the desk or lounge on the sofa. The interior is unfussy, with chic details like giant rugs on the wooden floor and abstract are on the walls. Oh, and did we mention it’s pet friendly too, for those who can't bear to leave their pupper at home. The location is simply sublime too: in arty River North district, it’s close to Oak Street Beach, Michigan Avenue and Gold Coast, plus attractions like Millennium Park, Cloud Gate, and the Lincoln Park Zoo. It certainly ticks all our boxes.
