Tooley Studio

A comfy top-floor apartment amid the hustle and bustle of London Bridge. Though this is a studio, the clever segregation of areas effects a spacious feel, emphasised by bright white walls. Design books, unusual lights and kooky clocks add style, and the newly refurbished bathroom and kitchen are sleek and fresh. As for the location, it’s perfect for business travellers and tourists alike. You’re close to the South Bank riverside, to Bermondsey’s cool restaurants and micro-breweries, to foodie Borough Market and to London Bridge station and Underground.
