

1 Bedroom Apartment Crafternoon

Address: Crafternoon

Bedrooms: 1 Bathrooms: 1

Crafternoon

Natural light floods this large apartment in Hackney. Pine-coloured wood furnishings and a large garden offer a nice escape from the often harsh urban setting of London. The impressive Cambridge Audio system in the living room is a stand out feature allowing you to sit back and relax to your favourite music. You won't have to flood out any outside rabble however, as this home is well protected from noise pollution, registering thirty decibels in the living area. The space feels lived-in, so won't suit those looking for a more clean-cut space.

Amenities:

- Bathtub
